

POP TAB

Collection

The pop tab is the tab you pull to open your aluminum can, and is **recycled** in exchange for money **to benefit Ronald McDonald House Charities Columbia, SC!**

Create a friendly competition between classes or your rival schools!

Make a jar to collect tabs in your office, in a place where people will see it! (like near a vending machine or break room)

See which one of your friends can collect the most tabs! You will be surprised by how many tabs you can collect by leaving a collection jar out in your house!

You can drop your tabs off at our house or mail them to us!
We are located at 2901 Colonial Dr. Columbia SC 29203
